

BRAZIL AIRPORTS TECHNOLOGIES REVERSE TRADE MISSION

OCTOBER 23 – 27, 2017

WASHINGTON, DC | ATLANTA, GA

BRAZIL AIRPORTS TECHNOLOGIES BUSINESS BRIEFING

As part of the [Brazil Airports Technologies Reverse Trade Mission](#), the U.S. Trade and Development Agency will host a one-day [Business Briefing](#) for U.S. businesses interested in opportunities in Brazil's aviation sector. This is a chance for U.S. companies to learn about Brazil's airport modernization and expansion plans, business opportunities, and upcoming procurements. One-on-one meetings with Brazilian decision-makers will be arranged.

Over recent years, Brazil's aviation industry has grown tremendously, due in large part to the Brazilian government's goal to spur economic growth, with aviation development playing a key role. The sector presents a number of opportunities for U.S. businesses.
